

The Antitrust Statement of Associated Wire Rope Fabricators

Since a trade association is by nature a group of competitors with the capacity for collusive activities which can result in restraint of trade, it is important to emphasize the intent of A.W.R.F. to act in strict compliance with all state and federal antitrust laws.

The two principal antitrust laws which are particularly applicable to trade associations are:

*-Sections One and Two of the Sherman Act, and,
-Section Five of the Federal Trade Commission Act.*

These acts respectively prohibit contracts, combinations, and conspiracies in restraint of trade, monopolies and attempts to monopolize, unfair methods of competition, and unfair or deceptive business practices.

The most blatant illegal restraint of trade involves price-fixing. Price-fixing may involve competitors, or suppliers and their customers with respect to resale price. A.W.R.F. will not tolerate any discussion of prices at any association meetings; nor will it allow discussion of any agreements or arrangements which inferentially address price-fixing or any other form of antitrust behavior.

Monday, April 24th

Giovanni Coratolo is president of GL-coratolo, llc, a communications firm specializing in small business and entrepreneurship.

In 2016, Coratolo left the U.S. Chamber of Commerce where he served as vice president of small business policy. During his 18 year tenure, Giovanni is credited with revitalizing the Chamber’s Council on Small Business, launching the Chamber’s first Small Business Summit which currently attracts over a thousand participants from across the nation, establishing the Chamber’s first midmarket business council and creating the Cornerstones of Main Street program.

Prior to coming to the Chamber, for 25 years, Coratolo started, owned, and operated diverse business ventures including restaurants, a land development firm, software installation and development services, and a vending company. During that time, he aggressively advocated for business interests in front of local, state, and federal government agencies and offices.

From 1990 to 1991, Coratolo presided as the volunteer president of the Restaurant Association of Metropolitan Washington, where he serves as a board member emeritus.

From 1990 to 1997, Coratolo served on the board of directors of the National Restaurant Association (NRA). At the NRA, he led the effort to revitalize the association’s membership services and outreach by spearheading dual membership arrangements with state associations and the NRA.

Coratolo graduated in 1971 from the University of Maryland with a Bachelor of Science in Electrical Engineering. He attended the University of Baltimore Law School and The George Washington University School of Business.

Throughout his career, Coratolo has testified on numerous occasions on Capitol Hill to protect and promote business and entrepreneurship and has vigorously advanced the public policy interests of entrepreneurs before Congress, the administration, and regulatory agencies. Coratolo is recognized among his peers as an authority on challenges facing business ownership and survival.

Dr. Albert D. Bates, Chairman and President, is the founder of the Profit Planning Group, a research and executive education firm headquartered in Boulder, Colorado. The firm works exclusively in the area of corporate financial planning. He makes approximately 100 presentations each year on topics such as Improving the Bottom Line, Getting Serious About Profit, Doing More with Less, and Pricing for Profit. He also provides strategic direction for the firm’s investigation into profitability research for over one hundred different trade associations. He has written extensively in both the professional and trade press, including the Harvard Business Review, the California Management Review and Business Horizons. In addition he writes the quarterly Profit Improvement Reports for the firm’s trade association clients. Al received his undergraduate degree from the University of Texas at Arlington and his MBA and doctorate from Indiana University. While at Indiana he was one of the first recipients of the Ford Foundation Fellowships in Business Education. He is married and has three college-aged daughters, which is why he gives 100 presentations a year. When he is not traveling giving seminars he enjoys tennis and skiing. He is not particularly good at either one.

Tom Eicher
The Caldwell Group
Director of Engineering

I am married my wife’s name is Dorothy. I have 4 kids. 3 step kids Sandy, Mara, and Earl. My daughter’s name is Brianna. I graduated with a Bachelor of Science degree in Mechanical Engineering from Michigan Technological University in 1987. I started my career at Beloit Corporation designing equipment for the paper industry. I came to The Caldwell Group Inc. in 2004 and currently hold the position Director of Engineering. I am a member on ASME B30.20 subcommittee. I chair the BTH-1 committee for AWRP. I chair the new BTH-1 committee for CMAA.

Tuesday, April 25th

Jim D. Wiethorn, P.E.
Haag Engineering Co.
Principal/Chairman

Jim D. Wiethorn has been involved in the design, construction, and evaluation of residential, commercial and industrial buildings since 1973. His experience has included evaluation and assessment of damage and failure of all construction types and systems, in particular, crane accidents and operations. His construction background includes involvement as a third generation general contractor in the family business, as well as Certificate of Competency as a General Contractor in Florida, by exam. Mr. Wiethorn has owned and operated cranes while working in the construction industry and has evaluated over 850 crane and rigging failures throughout the United States and abroad. Currently, he serves on the National Commission for the Certification of Crane Operators (NCCCO), Tower Crane Committee, and Rigger Task Force Committee dealing with the testing and certification of crane operators and rigging. Additionally, Mr. Wiethorn is a member of the American Society of Mechanical Engineers (ASME) B30 Main Committee; and, B30.3, *Tower Cranes*, and B30.29, *Self-Erecting Tower Cranes* sub-committees. In 2014 Mr. Wiethorn published, *Crane Accidents: A Study of Causes & Trends to Create a Safer Work Environment, 1983-2013*, which detailed results of the study of over 500 crane accidents. Mr. Wiethorn is a Principal Engineer and Chairman of the Board of Haag Engineering Co. based out of the Houston, Texas office. Mr. Wiethorn is currently licensed as a professional engineer in 35 states and has testified in over 120 trials and 300 depositions.

John Glinski

Crane Training & Safety Consultants

John Glinski is the owner of Crane Training and Safety Consultants a small N.Y. based training and consulting company . John spent the last thirty eight months as the safety manager for cranes and rigging at the new New York Bridge being constructed to replace the existing Tappan Zee Bridge. John’s responsibilities included the management of the rigging inspections of over 9500 pieces of rigging being used on the project, and the safe operations of the cranes throughout the project. He also reviewed and signed off on many critical lift plans involved in the construction of the bridge. John has over thirty years in the crane and rigging industry including working for Skanska USA Civil North East for Three years performing crane inspections in the North East. John recently left the Tappan Zee Bridge project in May of this year to run his own company training people in Crane Operating and Rigging and Signaling, preparing them for the NCCCO written exams and performing practical exams on cranes and rigging.

Baron Lukas

Colonel, U.S. Marine Corps (Retired) CEO, EnviroLogic Solutions President, Vital Strategies Consulting Managing Director, PetroLogic Energy Fund Board of Advisors, Crudefunders

Baron is CEO of EnviroLogic Solutions and Managing Director of PetroLogic Energy Fund. A retired Marine Corps Colonel, former investment banker, and former COO of a privately held company in the oil and gas sector, Baron has over 36 years of leadership, management, and mentoring experience. His professional career spans a diverse spectrum of positions: fighter pilot, strategist, intelligence officer, professor, commander, and finally, senior business executive and consultant. Following his passion to help others succeed, Baron founded Vital Strategies Management Consulting in 2014. Vital Strategies is an advisory, management consulting, and keynote speaking firm specializing in helping businesses improve performance and achieve their goals. Based on his professional engagement with EnviroLogic Solutions, Baron was asked to join their leadership team as CEO in April of 2016. EnviroLogic Solutions is a cutting-edge technology service and products company that specializes in nanotechnology based oil and gas completion and production solutions, and implements a range of ecoconscious methods to resolve a broad range of oilfield and industrial cleanup challenges. In April of 2016, Baron a joined Crudefunders, LLC as a member of their Board of Advisors. Crudefunders is an innovative oil and gas “crowdfunding” platform and the first to successfully fund projects with unaccredited investors. In January of 2017, Baron entered a partnership to found PetroLogic Energy Fund, an oil and gas investment fund. Baron and his wife Tanya, an award-winning author, live on a small ranch west of Fort Worth, Texas.

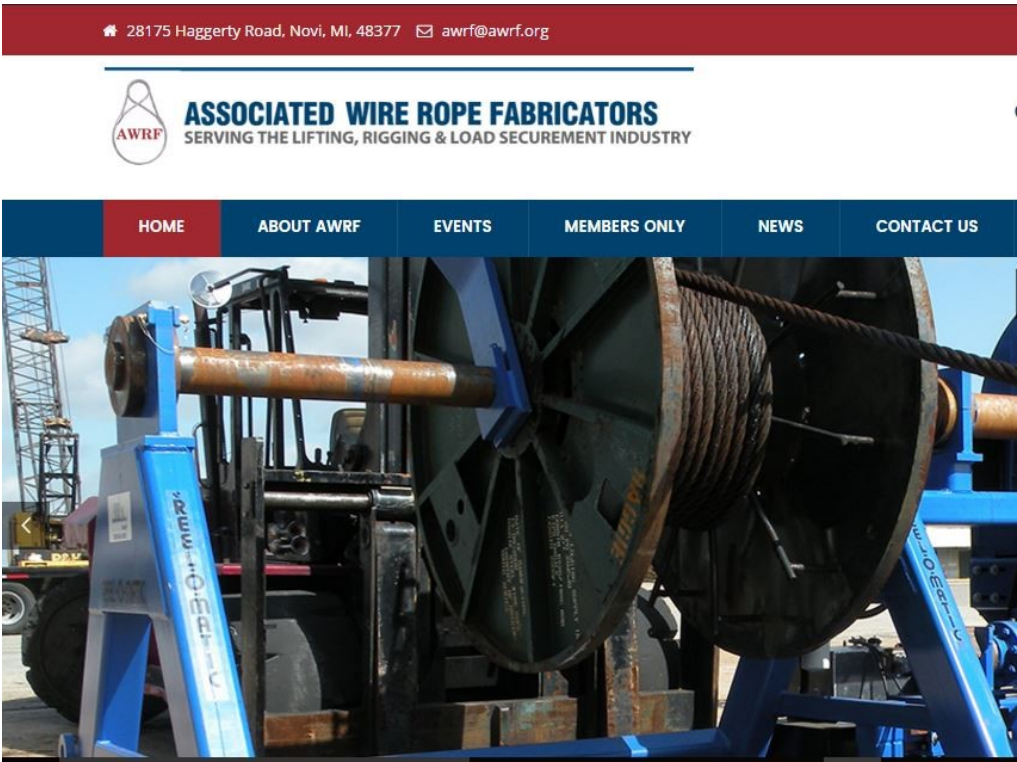

ROGER A. OHMAN JR.
Verde Concepts Inc.

Mechanical Engineer with over 30 years of direct involvement in the Rigging and Lifting Industry. Currently provides technical and training development services for rigging hardware, chain and application of slings. Specializes in training programs for Adults with interactive methods.

Golf Tournament

The Club at Savannah Harbor offers unparalleled views of historic downtown Savannah while it gently winds its way through tidal wetlands. Our 22,000 square foot clubhouse features an award-winning golf shop, Home to the PGA Tour’s Liberty Mutual Insurance Legends of Gold Champions Tour event from 2003-2013. The Club at Savannah Harbor has had many legends walk the 7,288-yard, par-72 layout. Designed by Robert Cupp and Sam Snead, this Troon-managed 18-hole course offers excitement for both the novice and experienced golfer.

Entertainment

JONNIE W.

Once in a generation, someone comes along with the power and eloquence to inspire us all. Jonnie W will entertain us while we wait for that person. Entering the comedy scene with nothing more than a guitar and his razor-sharp wit, he has gone on to entertain audiences nationwide. Jonnie's latest comedy special, "LIVE at The Franklin Theatre" was released in September 2016.

Jonnie and his lovely wife, Curry live in Nashville, Tennessee, because that's where all their stuff is.

T. BUBBA BECHTOL

The one-time salesman-turned-politician found himself in high demand as a motivational speaker at conferences, conventions, and industrial events. One quality made him stand out from most on the rubberchicken-dinner circuit: Bechtol was funny. Side-splittingly funny. He has been a proud member of the National Speakers Association for 34 years, and earned the highest Professional Speaking designation in the world, the CSP, Certified Speaking Professional. Bechtol became one of the few standup comics in the nation to receive a major recording contract when he was signed to MCA Nashville . He has five comedy albums and his book "Who's Your Bubba?" among his volume of work. What does he consider the key to his appeal? "I can be funny without having to use words or actions others resort to," he says. "You can repeat my little stories and opinions at work on Monday in front of anyone, even at church. Besides, I've had to keep my comedy clean, because my momma raised me that way."

The Tour

HISTORIC DISTRICT TROLLEY TOUR

This leisurely tour by trolley covers a lot of ground as you explore the city’s architectural gems and his-
toric landmarks such as Forsyth Fountain; the beau-
tiful squares laid out by General Oglethorpe, our
founder; the Cotton Exchange and River Street. The
tour includes two stops along the way. One at the
Andrew Low House, an elegantly restored historic
house museum and then at the breathtaking 19th
century Gothic Cathedral of St. John the Baptist.

LUNCH AT THE OLDE PINK HOUSE

The Olde Pink House on Reynolds’s Square has an ex-
citing history. James Habersham, Jr. built this stately
Georgian mansion in 1771. This wealthy planter’s home
held many secret meetings, which helped secure the
independence of the 13 colonies from England. Today
it’s an unique restaurant and tavern serving elegant
southern dining in Savannah’s only 18th century man-
sion.

Entrée Choices

Sautéed Shrimp with Angel Hair Pasta
Garlic, basil, tomatoes, white wine butter sauce

Pan Seared Crab Cake

Fried green tomatoes, creole remoulade—arugula
with citrus vinaigrette, sweet potatoes fries

“BLT” Salad

Black pepper thyme buttermilk dressing
fried green tomatoes, sweet Applewood bacon,
sweet potato fries

Country Fried Chicken

Vidalia black pepper gravy
Mashed potatoes, collards with ham

Dessert Choices

Mini Praline Basket

Almonds & pecans, vanilla ice cream, seasonal fruit

Chef’s Seasonal Fruit Sorbet
