

The Antitrust Statement of Associated Wire Rope Fabricators

Since a trade association is by nature a group of competitors with the capacity for collusive activities which can result in restraint of trade, it is important to emphasize the intent of A.W.R.F. to act in strict compliance with all state and federal antitrust laws.

The two principal antitrust laws which are particularly applicable to trade associations are:

*-Sections One and Two of the Sherman Act, and,
-Section Five of the Federal Trade Commission Act.*

These acts respectively prohibit contracts, combinations, and conspiracies in restraint of trade, monopolies and attempts to monopolize, unfair methods of competition, and unfair or deceptive business practices.

The most blatant illegal restraint of trade involves price-fixing. Price-fixing may involve competitors, or suppliers and their customers with respect to resale price. A.W.R.F. will not tolerate any discussion of prices at any association meetings; nor will it allow discussion of any agreements or arrangements which inferentially address price-fixing or any other form of antitrust behavior.

AWRF GENERAL MEETINGS POLICY

Adopted 1990. Revised 1992, 1995, and January 21, ,2000October 18,2004

I. PURPOSES

The primary purpose of conducting AWRF association general meetings is to promote interests common among companies manufacturing, fabricating or distributing products and services within the lifting, rigging, and load securement industries, and to disseminate technical information related to the conduct of businesses within those industries and allied industries.

The purpose of conducting AWRF association general meetings is primarily educational and secondarily social. The purpose of inviting guests to meetings is to stimulate new membership. All guests are to be treated as if they were members during the meeting. Guests pay all the same fees as members, and may not be invited a second time without approval of the Directors.

II. FREQUENCY, DURATION, AND LOCATION OF THE MEETINGS

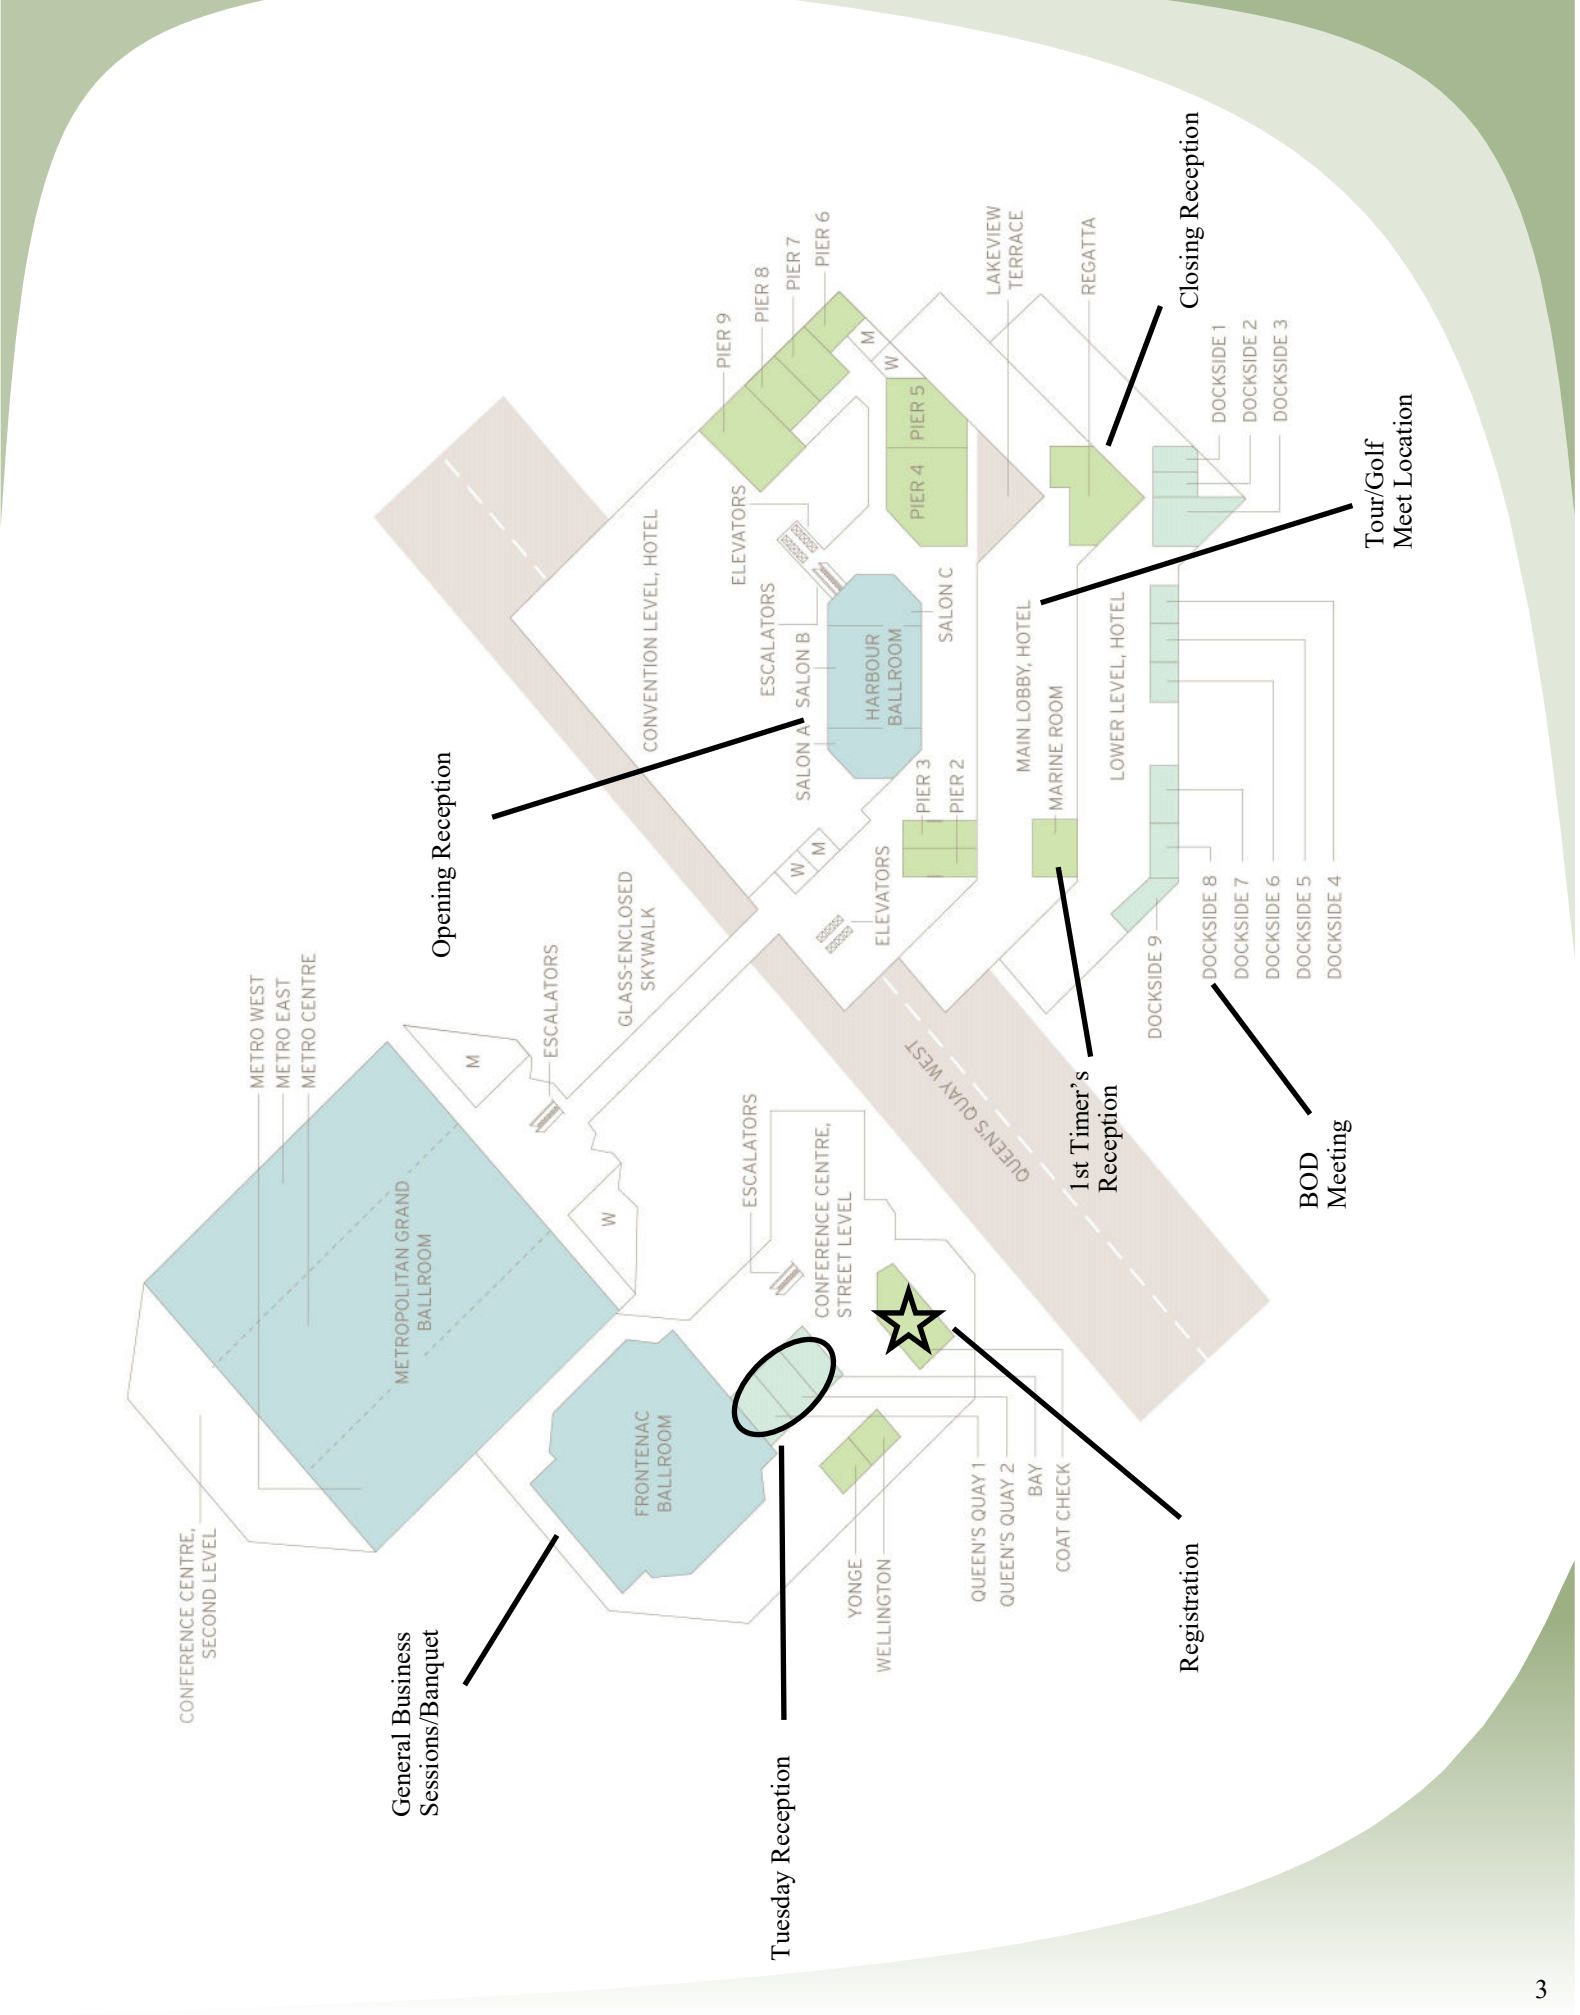

Semi-annual meetings at varied locations, from two to four days duration, are conducted to serve the purposes of the Association, as required by stipulations of the Association By-Laws, and subject to the requirements of all applicable Federal, State and Local regulations and laws. From time to time, as authorized by the Directors, special events, such as exhibitions, demonstrations or recreational gatherings, conducted at special locations, may be added to the meeting. All special events must be open to all registered attendees.

III. TEN RULES GOVERNING CONDUCT OF GENERAL MEETINGS:

1. The Association's Code of Ethics governs personal/professional behavior at meetings.
2. The costs of the meeting are defrayed by registration fees, paid equally by all attendees. Each attendee pays a single registration fee in full, regardless of full or partial involvement. No fees are refunded except by prior notice and explanation. All guests and all attending spouses also pay the same fee in full. No partial, or prorated fees, are calculated or charged under any circumstances.
3. Fees for certain optional events designated by the Directors are paid separately from the meeting registration fee. Participation is limited to members who have already paid the full registration fee.
4. Presentations by speakers should be generic. Every possible effort should be exerted to avoid any advertising or promotional materials. Speakers should be familiar with the Association Antitrust Policy. If there are concerns regarding a presentation not being generic, it should be reviewed by either the Chief Association Executive (CAE) and/or the Chairperson of the Programs Committee prior to its delivery to the members. Additionally, presentations should be made available to the members either by way of a handout or electronic format. Prospective speakers must be alerted to these requirements from the onset.
5. Courtesy to speakers is mandatory
6. No "hospitality suites" are permitted. Marketing of industry products or services by AWRF members, guests or other attendees shall be conducted with discretion in order to avoid interference with organized convention activities. It is inappropriate to distribute promotional materials, actively solicit customers or conduct business discussions concerning price and/or delivery during meetings or other AWRF functions except at designated events.
7. No closed, clandestine or selective meetings, events, tours, exhibitions etc. will be tolerated or permitted during AWRF General Meetings. The locations, and specific opening and closing times of the AWRF general meetings will be firmly established and announced in advance to avoid debate. Traditionally, General Meetings begin at 5 pm on Sunday and close at 6-7 pm Wednesday. Individual business contacts are allowed, except during receptions and meetings.
8. Meetings are open only to registered member attendees, spouses, speakers and invited guests. Uninvited persons will be asked to either join, by paying the required dues and fees, or else depart.
9. Identification badges will be provided to all registered attendees to be worn at all functions.
10. Any individual person desiring to make a complaint or raise a question concerning these rules should address the matter in writing to the Association office or in person to the Chief Executive. The Directors will address questions or complaints on an individual basis if properly presented.

Fraser Cocks

is the Executive Director of the BC Association for Crane Safety (BCACS), an organization that is responsible for the administration and continuing evolution of an industry-driven crane operator qualification and credentialing system for the province of BC. Fraser is also the acting Executive Director and former Chair of the Canadian Hoisting and Rigging Safety Council (CHRSC) and represents the Council as a national stakeholder for the crane industry in Canada. CHRSC is a 100% volunteer-based national organization that was established to work towards harmonization of applicable regulatory requirements and credentialing between jurisdictions. The Board and Executive Committee are comprised of major stakeholders and senior industry members from across Canada.

DON PELLOW, PELLOW ENGINEERING SERVICES, INC. CHAIR OF THE ASSOCIATED WIRE ROPE FABRICATORS TECHNICAL COMMITTEE

- Native of Kansas City
- Graduated from the University of Kansas with B.S. in Engineering Physics
- Employed at Armco Steel – Union Wire Rope Division from 1966-1988
- Became Director of Technical Services at Union Wire Rope
- In 1988, Union Wire Rope Division was sold to Wire Rope Corp. in St. Joseph, MO, where Don stayed as Manager of Engineering Services until 1994
- In 1994, founded Pellow Engineering Services, Inc. which has three main directives:
 1. Litigation Services as Forensic Engineer and Expert Witness in crane accidents and wire rope & sling failures
 2. Publication of Bob’s Rigging & Crane Handbooks & Rigging Reference Cards
 3. Training of engineers, crane operators and riggers in construction and industrial settings
- Licensed and Registered Professional Engineer in Kansas and Missouri
- Member of National Society of Professional Engineers
- Member of Kansas City Chamber of Commerce and Hispanic Chamber of Commerce
- Part-time member of Kansas City Plaza Rotary Club
- Chairman of Technical Committee of the Associated Wire Rope Fabricators Association
- Authored many articles and given many presentations on Crane Accidents, Wire Rope and Sling Accidents and Engineering Design & Testing

Joost Eertman, Technical Director of Ropeblock B.V. has been with the Dutch company for 20 years. He began his career studying the deceptively complex matters of spelter socket mechanics and worked as project manager and lead engineer for the company’s larger projects. Through the years he has gained detailed insight into global offshore, marine and construction equipment requirements, and implementation through smart engineering in the manufacturing process. As the operations manager and technical expert, he later contributed to the company’s innovative designs for crane-blocks, sheaves, swivels and sockets and its lean manufacturing and assembly approach.

Mr. Eertman has a B.S. in Mechanical Engineering and is active in Euro Norm technical committees for cranes and wire rope. He has published research projects, is the author of the company’s engineering directives and technical standards and speaks annually at several industry conferences.

Tuesday, October 25th

Daniel J. Snyder, CSP

With 25 years of global consulting experience, Mr. Snyder partners with stakeholders to develop strategies for improving safety and health management systems, conduct workplace evaluations, facilitate research to improve safety performance, and design customized educational curriculum. As owner of SPAN International Training, LLC, he is a subject matter expert on certification exam blueprints, psychometrics, curriculum design, and serves on several standards and professional development committees. Mr. Snyder is dedicated to advancing health and safety professional development by offering certification exam preparation products. His research based curriculum assists professionals with the challenge of illustrating competency through education, experience, and examination. Daniel is an accomplished author whose recent works include an ethics chapter in the newly released American Society of Safety Engineers (ASSE) “Consultants Business Development Guide” and the National Safety Council’s (NSC) “Pocket Guide to Safety Essentials”. Currently, Mr. Snyder is a doctoral candidate at the University of Arkansas conducting research to identify the most important competencies for influencing organizational leadership to make informed decisions about the occupational safety and health management system (OHSMS).

DAN QUIGGLE

PRESIDENT and CEO THE
QUIGGLE GROUP
AND AMERICAS CHOICE TITLE COMPANY

Dan Quiggle founded The Quiggle Group to promote and expand excellence in leadership. Through Leadership Retreats, Corporate Training and Keynote Speaking, meaningful, tangible educational components are introduced which add real-life value to the pursuit of leadership excellence -both personally and professionally. The premiere program, "The Reagan Experience" is unique, customized training held at The Ronald Reagan Presidential Library in Simi Valley, CA.

Beginning his professional career in the Office of Ronald Reagan, Dan learned leadership personally from the master himself – Ronald Reagan. Politics aside, President Reagan was one of the most gifted leaders our nation has seen in a generation and Dan was right there to see up close how President Reagan used and applied his natural skills to not only impact the lives of those around him, but lead the Free World! Dan has spent his career emulating and refining the skills he observed directly from President Reagan and is passionate about sharing his experiences with a new generation of leaders.

Having successfully started five companies in fields as varied as retail distribution and medical technology, Dan has the hands-on experience to authentically communicate with today's top business leaders. As a graduate of UCLA, Dan currently serves as President and CEO of America's Choice Title Company, recognized by Inc. Magazine as the 2nd fastest growing title agency in America. He is a company founder and serves on the Board of Directors. Dan's professional accomplishments give him the experience and credibility needed to successfully support the leadership growth of any professional.

Dan serves as Dean of Faculty for the Leadership Institute, based in Washington, D.C. In this capacity, he speaks on public policy and leadership in cities throughout the country. The position also allows him the opportunity to meet with many of the institute's top donors, including some of the most successful and influential people in the country. Dan has also been a candidate for Congress in Florida and has served as the Florida State Chairman of Americans for Prosperity, an advocacy group committed to educating citizens about economic policy and mobilizing those citizens to participate in the public policy process.

Recently recognized as one of the top speakers for Vistage, a nationwide CEO think tank, Dan's message will inspire and impact all who hear it. Dan has been speaking on Leadership and Emotional Intelligence throughout North America and Internationally for the past 20 years. Dan has shared his messages of business success and motivation with America's top corporations and associations, including Genworth Financial, Merrill Lynch, Wells Fargo, and Coldwell Banker. He has spoken in large and small settings for corporations and educational institutions, been featured on the Fox News Channel and has been covered by The Wall Street Journal. Dan is passionate about inspiring great leadership by sharing effective traits and principles exhibited by some of the most successful individuals in the nation.

Dan is a dynamic and energetic speaker whose information and stories are memorable and immediately applicable.

The Glen Abbey Golf Club will be remembered for years as the site of "The Shot of 2000". Canada's No. 8 ranked golf course is open to anyone wishing to retrace Tiger's historic steps. Opened in 1976, Glen Abbey is held in high esteem by Tour players for its difficulty, but is surprisingly accommodating from the shorter tees. Glen Abbey is in Oakville, Ontario, just west of Toronto.

The Tour

BATA SHOE MUSEUM

First, we will visit the Bata Shoe Museum, an award-winning, five-story structure which has a collection of over 10,000 shoes spanning 4,500 years of history collected from all over the world by Sonja Bata, owner of the Bata Shoe Empire; which in the 40s was the largest shoe manufacturer in the world. The Museum is the only one of its kind in North America and houses, in four impressive galleries, everything from ancient Egyptian papyrus sandals to Elton John's platform shoes.

DISTILLERY DISTRICT

From there, we will head to the iconic Distillery District for free time to see the buildings and community that became legendary during the Prohibition. Over the past century and a half, the former Gooderham and Worts complex has evolved from a single, wind powered gristmill to an impressive distilling complex to a vibrant arts and retail complex.

MILL STREET BEER HALL

Lunch will be served at the Mill St. Beer Hall.
